CONTRACTORS POLLUTION LIABILITY/PROFESSIONAL

*This information is designed to give you a quick overview of the coverage and how it works.
Please call 1-800-596-2156 with any further questions.*

What is the Contractors Pollution Liability/Professional policy?

The Contractors Pollution Liability/Professional Policy is a combined Pollution and Professional Liability form. It provides coverage to general contractors, construction managers, and various trade contractors who could potentially have both pollution and professional claims.

Why is CPL/Professional important?

- Because contractors face pollution and professional liability issues from construction management services, job site modifications, and other daily activities.
- Because these professional exposures are generally excluded from General Liability and monoline Contractors Pollution Liability policies.
- Because coverage costs are reasonable and Beacon Hill provides excellent service during and after the binding process.

Optional coverage enhancements:

- Occurrence CPL coverage
- Natural Resources Damage
- Coverage for work performed by subcontractors
- Mold coverage
- Blanket Additional Insured
- Waiver of Subrogation
- Transportation Pollution Liability

Who buys it?

- General Contractors
- Electrical Contractors
- Construction Managers
- Site Prep Contractors
- Plumbing Contractors
- Pipeline Contractors
- HVAC/Mechanical Contractors
- Millwright Contractors
- Any contractors that, in the course of their normal operations, may make a slight adjustment on the provided plans to get the job done properly, or who supervise other subcontractors.

Cost and applications:

- Premiums start at \$5,000, plus tax and fee.
- Limits are available from \$1,000,000.
- Required Applications:
Please go to the Applications section of our Web Site (www.b-h-a.com) and download the Combined CPL/PROF application.
